

Air Sense

Features

- The top layer contains the innovative 3D Silver Mesh® (a three-dimensional multifilament, interwoven open-wire 'spaghetti-like' material) that creates 95% free air space next to your body to facilitate good airflow to ensure smart temperature regulation and longer quality sleep.
- Your body experiences a floating feeling that comes with the pressure-relieving support at every mattress point.
- The air circulation inside the 3D Silver Mesh® helps remove moisture from the surface.
- Easily removable and washable top cover and 3D Silver Mesh® layer let the mattress stay clean and fresh.
- Enhanced comfort with bonnell spring core.

Posture Support Mattress

Posture Support Mattress is constructed by arranging materials with a logic developed from our research (pressure neutralising logic) to neutralise the pressure-points generated by body contours

Sleep COMFORT *Sleep ESSENTIAL*

Designed with materials of variable support value to take care of the body-weight variations

Body Weight	Mattress Type
40—60 kg	Lean Built (LB)
50—90 kg	Moderate Built (LB)
80—120 kg	High Built (LB)

Sleep Comfort

Features

- Top layer made of memory foam and soft foam combination to take care of the pressures exerted while sleeping on the back.
- Suited to each body type Lean built (LB), Moderate built (MB) and High built (HB).
- The core of the mattress is built with a specially developed pocket spring and foam which supports the distributed body weight while the person sleeps on his or her side.
- The white top-cover of the mattress is made of polyester knitted fabric for a tender feel to the body, which can be removed for washing to keep the freshness longer.
- The base cover of the mattress is made of thick canvas to offer a durable base surface with an anti-skid feature.
